

The Shoebox Project

On Friday, December 4th, the **In2ition Realty** and **Orion Realty** teams came together with their families to support The Shoebox Project, a charitable organization founded in 2011. Staff, friends and family were asked to put together a shoebox of

items that women not only need but would enjoy receiving, totaling approximately \$50 per box. The boxes would then be gift wrapped and delivered to women's shelters across North America. Together, the **In2ition** and **Orion** teams filled and wrapped an

astounding 62 boxes. **In2ition** was introduced to the idea of supporting The Shoebox Project, by their client Homes by Dream, who is also actively involved in the wonderful cause. For more information on how you can give back - visit www.shooboxproject.com.
